2024 1st Quarter Sponsorship

The Einstein Academy

Einstein ACADEMY

We are honored to share the story of The Einstein Academy – submitted by PFS' Client Chuck Link of Joliet, IL in partnership with his daughter, Heather – a special education teacher.

As a special education teacher at Einstein Academy, Heather works with children who face unique challenges, primarily autism and ADHD.

We believe every child deserves the best education, irrespective of their financial background. Our scholarship program is designed to provide these bright young minds with resources that can truly transform their educational journey.

A scholarship covers not just tuition, but also essential learning tools and resources tailored to each child's needs, including specialized software, assistive devices, and access to educational experts in the field. Scholarships play a pivotal role in nurturing the potential of these extraordinary children.

Einstein Academy is known for its innovative approach and dedication to inclusive education. Offering a range of programs that cater to diverse learning needs, ensuring every student achieves their fullest potential.

For a more comprehensive view of what Einstein Academy does, please visit the website at www.einsteinacademysc.org

Pulse Financial will donate up to $2000 so please help us spread the word about The Einstein Academy!

Our mission is to help students recognize the unique ways they learn and acquire knowledge to ensure long term success.
